

## Chapter 14. Water Utility

### Article V. Private Irrigation Systems

#### § 14-31. Permit required.

No person shall install, operate or maintain any private irrigation system connected, affixed or attached to any residential or commercially zoned property which is also connected to the public water supply without first obtaining a permit from the Village Clerk-Treasurer.

#### § 14-32. Application for permit; issuance; term.

Any person required to obtain a permit under this article shall apply to the Village Clerk-Treasurer for a permit. The Village Clerk-Treasurer shall issue an annual permit to any qualified person. The permit shall expire December 31.

#### § 14-34. Definitions.

As used in this article, the following terms shall have the meanings indicated:

##### **PRIVATE IRRIGATION SYSTEM**

Any permanent indoor network of aboveground or underground pipes, tubes or conduits connected to a pressurized system intended to deliver water for the purpose of watering vegetation, including but not limited to grass, flowerbeds, trees or shrubbery.

##### **SUBSURFACE DISCHARGE AUTOMATIC FILL DEVICE**

Any device connected to a pressurized source of water, public or private, that automatically fills any structure or condition which holds water, including but not limited to a pond, pool, or water garden, without the physical presence of an operator and whose discharge point at any time is below the level of the surface of the fluid.

#### § 14-35. Violations and penalties.

Any person who shall violate any provision of this article shall be punishable as prescribed in Chapter 40, Fees and Penalties, of this Code.
