

Village Board Meeting Notice and Agenda

Monday, Sept. 14, 2020 – 6:30 pm
Sherwood Village Hall – W482 Clifton Rd., Sherwood, WI.

NOTE: Due to COVID-19 restrictions, residents are not allowed in the Village Hall.

To *'join'* the meeting at 6:30pm via Webex: Go to the Village home page at www.villageofsherwood.org. The Webex meeting link is located in the upper right-hand side of your computer screen. You may print or save a copy of the complete meeting packet.

Join via telephone (without video): Tel #: 1-408-418-9388. Access Code: 628 186 722# Attendee ID: 51#

Regarding Public Hearings (and only if a Public Hearing is scheduled): Speakers will be allowed in the Village Hall and may speak directly to the Board one person at a time for up to 3 minutes, and only wearing a face mask.

- 1) Call to Order and Roll Call.
- 2) Pledge of Allegiance.
- 3) Approval of the Agenda.
- 4) Approval of Minutes: Aug. 24 (Regular Meeting).
- 5) Registered Citizen Comments on Agenda Items.
- 6) *Public Hearing:* The Village Board will conduct a hearing regarding the proposed application for a *Community Development Block Grant CLOSE – Public Facilities (CDBG CL-PF)*.

NOTE: Public Hearing is Cancelled.

- | | | |
|----|--|-------------------------|
| 7) | Report of the Community Development Authority (CDA): Aug. 26 | <u>Recommendation:</u> |
| | a) <i>Sherwood Developer Tour:</i> Postpone indefinitely. | Info, only. |

| | c) <i>Condon Road extension</i> (using CDBG funds). | Info, only. |
| | d) <i>Wink-Mart site remediation:</i> Pay bill (DKS Construction) for soils removal. | Info, only. |
| | e) <i>FeatherCrest Development:</i> Request Village purchase stormwater study. | Info, only. |
| | f) <i>Sherwood Forest Golf Course Redevelopment.</i> | |
| | i. Project Proposal: Concept presentation. | Info, only. |
| | ii. TID #3: Request for potential inclusion into TID #3. | Info, only. |
| 8) | Report of the Plan Commission: Sept. 8 | |
| | a) <i>Concept Plan: (FeatherCrest Development)</i> for development of 10 buildings, as a P.U.D. on 6 ac. (Tax ID #s 13601, 13602, 13606) bounded by STH 55/114 and Knight Drive, and lying between <i>Wanick Park</i> and <i>The Outpost</i> .
Restrictions: 55+, age-restricted housing. Current zoning: 'Agricultural'. | Approve. |
| | b) <i>Concept Review: Requested development on vacant land</i> (Tax ID #13622; across from Veterinary Clinic; Erdahl). Request for allowance regarding future 'planned development' for one building, requiring Conditional Use | Denied –
Info, only. |

Welcome to the Village Board Meeting! Please observe the following rules of conduct during the meeting:

1. Register to speak on the sign-in sheet on the table in the back of the room as you enter.
2. Speak only to issues on the Agenda.
3. Limit your presentation to three (3) minutes.
4. Do not address Trustees during deliberations unless requested to do so.
5. Any item listed on the Agenda may be acted upon by the Board.
6. A Quorum of any other Board or Commission is incidental to the V. Board meeting and no action shall be taken on their behalf.
7. Requests from persons w/ disabilities needing assistance to participate should be made to the Clerk (989-1589).

Permit, or rezoning. Current zoning: 'Commercial'.

- c) *Request to remove Area Development Plan (ADP #2020-01) as 'Old Business Item'*: Remove until future plan is updated & returns for P.C. review (Parcel #13697; 10.2 ac.; Burzynski). Info, only.

9) Report of Village Officers.

- a) Village President.
b) Fox Cities Area Room Tax Commissioner.
c) Clerk/Treasurer.

i. Financial Reports.

1. *Consent Agenda*

- Financials
- Operator's License (Reinke).

2. *Reminder: 'Board of Review'* (Thursday; Sept. 17; 4-6pm at Village Hall).

10) Village Engineer and/or Utility Operator: Water Loss Report (Aug.).

11) Village Administrator: Updates (*COVID-grant funding; Disaster Damage Aids Petition*).

12) Old Business:

- a) Computer devices for Village Boards: Update.
b) *Palisades Pond Lake District – Dam Repair/Removal Project: (If necessary) Consider funding option(s) for Palisades Pond Lake District.*

Note: This item depends on outcome and vote by *P.P.Lake District Board* regarding dam repair or removal options, relative to possible hired contractor work versus dam removal grant (WisDNR). Village-approved support is capped at \$100k.

13) New Business:

- a) *Project C-19: Kesler Road*: Consider revised Cost Summary (-21,885) from previously approved project (\$110,867; Cedar Corp), due to removal and replacement of less material(s).
b) *Request to enclose ditch (W434 Stumpf Ave; Mueller)*: Consider approval with Requestor issuance of bond received by Village for engineering review and associated costs.
c) *Proposed Sanitary Sewer & Water Main Extension Approval (The Cottages at High Cliff)*: Village correspondence to Wis.DNR, per Board approval of housing development.
d) *Request to re-work Agreement Terms for American (Cell) Tower Site (#278033 [at Miller Pond])*: Consider proposals, e.g. 100% cash-out payment; Annual rent reduction with up-front bonus; Higher annual return, with limited-term payments, etc.

14) Complaints & Compliments: None.

15) Correspondences:

- a) *Request to place wagon and sell pumpkins on Village property adjacent to Post Office* (Mader; Sept. 8).
b) *MS-4 Annual Report to WisDNR – Final submittal received* (WisDNR; Sept. 3).
c) *Sherwood Bootcamp: Request to use gymnasium* (Roxanne Helmich; Sept. 1).
d) *Tax Incremental District #1 – Final (Closure) Audit* (Clifton, Larson, Allen; Aug. 31).
e) *Local Emergency Planning Committee – Minutes* (LEPC; Aug. 26).
f) *Conversion to LED outdoor lighting* (We Energies; Aug. 26).

Welcome to the Village Board Meeting! Please observe the following rules of conduct during the meeting:

1. Register to speak on the sign-in sheet on the table in the back of the room as you enter.
2. Speak only to issues on the Agenda.
3. Limit your presentation to three (3) minutes.
4. Do not address Trustees during deliberations unless requested to do so.
5. Any item listed on the Agenda may be acted upon by the Board.
6. A Quorum of any other Board or Commission is incidental to the V. Board meeting and no action shall be taken on their behalf.
7. Requests from persons w/ disabilities needing assistance to participate should be made to the Clerk (989-1589).

- g) *Client Rating Change* (Ehlers; Aug. 25).
- h) *Monthly Report* (Cal. County Sheriff's Dept; July).
- 16) **(8pm) Closed Session:** Note: Per Wis. Stats. §19.85(1)(c), the Village Board may move to a Closed Session when considering employment, promotion, compensation or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility.
 - a) Clerk-Treasurer Hiring – Update Consider hiring terms, conditions and status.
 - b) Staff reviews and current employment terms (Administrator/Acting Clerk-Treasurer, Utility Clerk/Acting Deputy-Clerk Treasurer, etc.). Consider unused vacation time, compensation, etc.).
- 17) **(8:30pm) Open Session:** The Village Board may act on any item discussed in *Closed Session*.
- 18) Adjournment.

Welcome to the Village Board Meeting! Please observe the following rules of conduct during the meeting:

1. Register to speak on the sign-in sheet on the table in the back of the room as you enter.
2. Speak only to issues on the Agenda.
3. Limit your presentation to three (3) minutes.
4. Do not address Trustees during deliberations unless requested to do so.
5. Any item listed on the Agenda may be acted upon by the Board.
6. A Quorum of any other Board or Commission is incidental to the V. Board meeting and no action shall be taken on their behalf.
7. Requests from persons w/ disabilities needing assistance to participate should be made to the Clerk (989-1589).

Village Board Meeting Minutes August 24, 2020

NOTE: Due to COVID-19 restrictions, residents are not allowed in the Village Hall.

To *'join'* the meeting at 6:30pm via Webex: Go to the Village home page at www.villageofsherwood.org. The Webex meeting link is located in the upper right-hand side of your computer screen. You may print or save a copy of the complete meeting packet.

Join via telephone (without video): Tel #: 1-408-418-9388. Access Code: 628 186 722# Attendee ID: 51#

Regarding Public Hearings: Speakers will be allowed in the Village Hall and may speak directly to the Board one person at a time for up to 3 minutes, and only with a face mask.

1) Call to Order and Roll Call – President Laux called the meeting to order at 6:30 p.m. with roll call:

Present	Absent
Bob Benz (virtual)	None
Paul Grube (virtual)	Others Present
Roger Kaas	Randy Friday, Administrator
Joyce Laux	Bruce Genskow, MCO, Utility Operator
David Miller	Brenda Stumpf, Recreation Coordinator
Lisa Ott	Kathy Mader, Acting Clerk
Kathy Salo (virtual)	

2) Pledge of Allegiance – *Recited*

3) Approval of the Agenda – ***Benz moved to approve the agenda. Kaas seconded. Motion carried unanimously.***

4) Approval of Minutes: Aug. 10 (Regular Meeting) – ***Benz moved to approve August 10, 2020 minutes. Miller seconded. Motion carried unanimously.***

5) Registered Citizen Comments on Agenda Items – *None.*

6) Report of the Parks, Rec. and Urban Tree (PRUT) Board (Aug. 17)

- a) Playground Drainage/Replacement of Rubber Mulch: Place drainage (playground area) at Wanick Park, adding rubber matting under elements (Award to Trench-All Trenching: NTE \$7,500) – ***Kaas moved to award Trench-All Trenching to place drainage at Wanick Park not to exceed \$7,500, includes rubber matting. Miller seconded. Motion carried unanimously. Stumpf verified the boring will be under the pathway, draining towards Dick's grocery.***
- b) Fall-Fest: Schedule date as Oct. 3. – ***Miller moved to allow with COVID social distance rules applied. Ott seconded. Motion carried unanimously.***
- c) Past & Upcoming Events: Update. – ***August movie had awesome attendance on the great lawn at Wanick Park. The pop-up library (3 times) had tremendous attendance. The Sunday***

afternoon entertainment had low attendance due to extreme heat and humidity. Electric City soccer started August 19th and will continue until October.

d) Trail Mapping: Update – *Stumpf and Friday will review and intend to have update for the next meeting.*

e) Halloween Event (Wanick Park) – *Will be reconsidered at September meeting*

7) Report of the Annual Palisades Pond Lake District Meeting (Aug. 19)

- a) Disposition of dam replacement or removal: Consider further ‘Dam Failure Analysis’ (DFA) NTE \$15,000, or, support for agreement among residents to repair dam. (Note: Recommended survey of District residences regarding level of support to proceed with dam repair, without WisDNR 50/50 grant.
- b) Consider FY20-21 Budget (‘SRF 260’ – Palisades Pond Lake District).
- c) Consider approval of Tax Levy for District Residences capped at 2.5 mills.

Friday went over the survey he created to be sent out to the Pond Lake District residents and requested board input by next week.

8) Report of Village Officers.

a) Village President – *Has been fielding questions regarding the revaluation.*

b) Fox Cities Area Room Tax Commissioner – *Benz said he virtually attended the August 19 Champion Center meeting. He shared the Champion Center parking lot will be paved this week; at the end of September, the contract with Miron will be closed; financially, July was strong and exceeded net income of budget. Since August mask mandate, tournaments have been moving from the Champion Center to venues which are not enforcing the mandate. Basketball teams don’t want to play with masks but volleyball teams will. Benz requests all to contact representatives to enforce everywhere.*

c) Clerk/Treasurer.

i. Financial Reports.

1. Consent Agenda (Financials) – ***Kaas moved to approve the Consent Agenda. Miller seconded. Motion carried unanimously.***

2. (Reminder) Board of Review Meeting: Sept. 17, 4pm – 6pm.

9) Village Engineer and/or Utility Operator: Updates, including Water Loss Report (thru-July) – *Genskow provided an overview of the report and explained he continues to search for leaks. Consensus was to allow Genskow to continue searching/pressure testing for leaks.*

10) Village Administrator: Update(s): Warranty Work (Roads); Culvert extensions – *Reviewed.*

11) Old Business:

a) Computer devices for Village Boards: Reactivate when ‘In-person Meetings’ are restored.

12) New Business:

- a) Resolution #2020-04: Consider 2019 Compliance Maintenance Annual Report (CMAR) – ***Salo moved to approve the 2019 CMAR. Kaas seconded. Motion carried unanimously.***
- b) Spring Court Road Surfacing: Consider engagement for services to sealcoat roadway previously discussed for re-paving (Badgerland Sealing, LLC; \$1,050), per FY19 discussion – ***Kaas moved to approve Badgerland Sealing LLC repaving Spring Court at cost of \$1,050.00. Benz seconded. Motion carried unanimously.***
- c) High Cliff Cemetery: Request for Plot sale and Perpetual Agreement (Gunderson) – ***Salo moved to approve Gunderson (resident) to purchase High Cliff Cemetery plot and perpetual care. Benz seconded. Motion carried.***
- d) Request to hold ‘Outdoor Gathering’ blocking off entrance to Birchwood Drive from Natures Way Drive (one of two access points to area) on Aug. 29 – ***Salo moved to approve blocking entrance to Birchwood Drive from Natures Way Drive for their block party on August 29 as long as all residents approve and there is access for emergency personnel. Miller seconded. Motion carried unanimously.***
- e) Palisades Pond Lake District: Dam Repair project.
 - i. Consider Survey of District residents to continue dam repair project without usage of WisDNR 50/50 grant match (Staff requests Village Board input) – *discussed earlier in meeting.*
 - ii. Consider Board-approved support capped at \$100k for dam repair – *No action necessary per Friday.*

13) Complaints & Compliments:

- a) Disappointment with Village Board conducting property revaluation process during COVID-19 conditions (Menas; Aug. 14).

14) Correspondences:

- a) Village Preliminary Population Estimate as of Jan 1, 2020 (3,152) (WisDOA; Aug. 10).
- b) Village Equalized Valuation – Net New Construction (Wis. DOR; Aug. 11).
- c) Memorial Aircraft (T-33) relocation: Request for status update (Amer. Legion Post #496 – Don Voigt; Aug. 13).
- d) Introduction Letters – STH 55-114 Highway Safety Improvement Project (WisDOT; Aug. 18).
 - i. Parcel 11 – Village-owned property (STH 55-114 & CTH ‘M’ intersection area).
 - ii. Parcel 17 – Village-owned property (STH 55-114 & CTH ‘B’ intersection area).
- e) Streambank erosion along creek abutting W5191 Natures Way (Descorcy; Aug. 18).
- f) Request for Outdoor Gathering blocking public roadway (Mayo; Aug. 19).

- 15) (7:30pm) Closed Session: Clerk-Treasurer Hiring – Update; Consider hiring terms and conditions. Per Wis. Stats. §19.85(1)(c), the Village Board may move to a Closed Session when considering

employment, promotion, compensation or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility – ***Salo motioned to move into closed session at 7:38 p.m. Benz seconded. Benz – aye, Kaas – aye, Laux – aye, Miller – aye, Ott – aye, Salo – aye, Grube unavailable.***

16) (7:45 pm) Open Session: The Village Board may act on any item discussed in Closed Session. – ***Miller motioned to move to Open Session at 7:45 p.m. Benz seconded. Benz – aye, Kaas – aye, Laux – aye, Miller – aye, Ott – aye, Salo -aye, Grube unavailable.***

17) Adjournment – ***Salo moved to adjourn at 7:45 p.m. Kaas seconded. Motion carried unanimously.***

Respectfully submitted for review and approval by Kathy Mader, Acting Clerk

Village of Sherwood Community Development Authority
Special Meeting Report
Aug. 26, 2020

1) INFORMATION ITEMS.

- a) *Sherwood Developer Tour*: Kaas directed Staff to remove this ‘Old Business’ item from the Agenda as it will not be pursued in the near future due to *COVID-19* conditions.
- b) *Condon Road extension*:
 - i. Staff to write letter to American Legion Post #496 noting Village awaiting clarification regarding reconstruction of plane at relocation adjacent to gymnasium by ‘others’. Friday notes original quote discusses only dismantling the aircraft at current location and moving to new location, but does not indicate reassembly of aircraft on new pedestals. Pedestals may be accomplished by DPW Staff.
 - ii. *CSM status*: Friday updated status of potential to use *CDBG-Close* grant-funding that impacts and restricts usage of federal money. Kaas directed Staff to convene with *Cedar Corp.* to ensure CSM is completed ASAP in advance of Condon Road project, allowing project to move forward using federal funding, as designated via Calumet County apportionment process.
- c) *CDBG Grant Application*: Removal of Hawkinson property cannot be completed using CDBG grant funds without Application completion and CSM process completed. Friday states CSM completed and filed at the County.

Jim Freymark (*Cedar Corp.*) has retired. His follow-on person, Wendy Sander, is now coordinating the Application process and must first coordinate a public hearing with the Administrator for the Village Board Sept. 14th meeting. Administrator has this information and placed it on the Sept. 14 Village Board Agenda. Application completion is goal by Sept. CDA meeting.

- d) *Wink-Mart Site Remediation*:
 - i. Bill for payment to DKS Construction approved. Payment is for trucking to the landfill site, only. It does not include landfill disposal costs.
 - ii. WisDNR : BRRTS (Bureau for Remediation and Reclamation Tracking System). Application completion removing deed restrictions is goal for the Sept. meeting. Friday has already directed *Cedar Corp.* to complete the application with DNR.
- e) Owner (*Feathercrest Development*) seeks TID funding to purchase storm water study (McMahon) of State Park Estates IV and Knight Drive Extension for planned *FeatherCrest* development in TID #2. CDA reiterated and approved this as a developer, up-front cost that can be reimbursed as the development begins to pay (increment) into TID #2.
- f) *Sherwood Forest Golf Course Redevelopment proposal/overview*: Tony Genisot (N583 Robinhood Way)
 - i. Genisot gave an overview of potential development including high-end, single-family housing and a *Senior Housing* development, including roadway layouts.
 - ii. Genisot aside about the ability to include the former-SFGC 75ac. in TID #3, or at least make use of funding available, as it immediately abuts the TID #3 boundary. Kaas stated he would question the financial advisors about the ability to do this.

Respectfully submitted for review and approval by Randy Friday, Acting-Clerk.

**Sherwood Plan Commission
Special Meeting Report
Sept. 8, 2020**

1) ACTION ITEMS:

- a) *Concept Plan – FeatherCrest Development*: Requested as P.U.D. (10 buildings) located on 6 ac. (Tax ID #s 13601, 13602, 13606) bounded by STH 55/114 and Knight Drive, and lying between *Wanick Park* and *The Outpost*. Current zoning: ‘Agricultural’.

Plan Commission recommends approval of the age-restricted, condo development, proposed as a Planned Unit Development.

2) INFORMATION ITEMS:

- a) *Concept Review: Development on vacant land* (Tax ID #13622; across from Veterinary Clinic; Erdahl). Request for allowance regarding future ‘planned development’ for one building, requiring Conditional Use Permit, or rezoning. Current zoning: ‘Commercial’. Plan Commission denied acceptance of the proposal as a ‘planned development’, stating according to the Zoning Code, they would have to review it as a ‘commercial’ build-out, only, adhering to the full standards of a commercially viable and developable lot (including stormwater management, parking, etc.).

- b) *Area Development Plan (ADP #2020-01): Development proposal (Parcel #13697; 10.2acres; Schulz, Burzynski)*. Note: Commission had previously moved to initiate proceeding with certified survey map for this area. *Owner requests removal of Area Development Plan (ADP #2020-01) as ‘Old Business Item’* until future plan is updated, and will then return for P.C. review.

Plan Commission directed Staff to remove this item until applicant is ready to re-start the process.

Respectfully submitted for approval by Kathy Mader, Acting Clerk

Subject: August 2020 Water loss
Attachments: 2020 Water usage Randy (005).xls

Randy,

Attached:
August 2020 water loss

Progress:

Known leak on Military by Grainery Had Rural Water in to Corrolate
New leak on Nature Ct. / Still trying to pin point (Windy, can't hear) This one drops the pressure very fast.
Possible leak on Harbor Ct. (Not very big)
Possible leak on Morning star (not very big)

Thanks,
Bruce

1.75	Labor On 7/13 - Remote - Working with Kristy on question being asked from the public about the WebEx Public Board meeting. Adjusted and added directions to Village of Sherwood website. Connecting Randy's laptop to the Wireless private Network. Laptop would connect, but will not have internet access. Troubleshooting issue, there was a static IP Address for the Wireless connection on the laptop. Switched Wireless network connection back to DHCP and tried connecting again, would not connect correctly to the internet. While the laptop was connected to Randy's docking station with a network cord. I reset the Wireless network connection and removed all know wireless connection that were saved. Reconnect to the Private network and was able to connect without issues. Had Randy un-dock to be only on wireless and issue was resolved.	115.00	201.25

DISASTER DAMAGE AIDS PETITION

Wisconsin Department of Transportation
DT2067 10/2013

Office Use Only

Claim No. _____

The Local Government must submit this petition within **60 days** of the disaster event to the appropriate Wisconsin Department of Transportation (WisDOT) Regional Office.

Section 1

CHOOSE GOVERNING BODY

The Town City Village of, Sherwood Or The Highway Committee/Commissioner of Calumet County,

petitions the Wisconsin Department of Transportation for aid, pursuant to s.86.34 Wisconsin Statutes, for damage to public highways under its jurisdiction resulting from a disaster which occurred on 04/22/2019 (date – m/d/yyyy).

The location, nature, and extent of the damage to such highway(s) as a result of the disaster event is described below and indicated on the attached map.

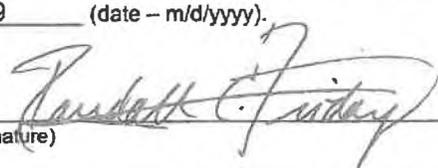

Section 2

Site No.	Location (i.e. Road Name, Section Range)	Nature and Extent of Damage	Estimated Repair Cost
1	Sundown Court	Both cross road culverts damaged. Sinkholes and undermining the pavement appeared - road one narrow lane culdesac	\$ 46,620
			\$
			\$
			\$
			\$
Preliminary estimate of the total cost of the damage is			\$ 46,620.00

Section 3

I certify that the foregoing is a true and correct copy of a petition adopted by the municipality/county identified above at its meeting held on 6/17/2019 (date – m/d/yyyy).

To: Randy Friday; Travis Parish
Cc: Matt Dorow
Subject: Sherwood - C19 - Kesler Rd - REVISED COST SUMMARY
Attachments: Bid Tab - Sherwood C19.pdf; Sherwood C19 Kesler Rd.pdf

Randy and Travis,

MCC got me the unit cost of \$4.75/SY to remove the pavement in lieu of the original cost of \$7.18/SY. I ran the costs and reduced the unit price for A-3, reduced the geogrid to zero since we will not be placing any and reduced the quantity of gravel since we be top dressing if at all. There is a cost savings of \$21,985. Keep in mind, this is not the same road construction that was originally bid. The water elevation is not allowing us to get in there to do the full excavation and replace the gravel. The life of this pavement will not be as long as the original bid.

Please review and let me know if you have any questions, then if the work is approved so I can get MCC to schedule the work. this weather isn't helping.

Thanks

Thad M. Majkowski, P.E.

RE: Ditch closure W434 Stumpf Ave & Lorraine St

Please find attached application for ditch closure/culvert extension (as allowed for in ordinance Chapter 5, Article 1, 5-8, C.) in the roadway ditches on Lorraine St abutting the west side of property at W434 Stumpf Ave. Recent ditch reconstruction left ditches with a side slope impossible to maintain by standard practices and prone to erosion. Erosion to date is already filling in newly established ditch bottoms, including most recently after the latest round of rework 8/26/20 and causing standing water where none existing previously. (pictures 1-4 attached). We are proposing enclosing one section of ditch 22' long and another section of ditch 40' long with 13"x17" (approx.) squashed culverts matching current new culverts at driveway locations including one catch basin in the middle of each section, similar to what was installed as part of ditch work on Meehl St. (picture 5) Culvert installation will follow current slopes established with recent ditch reconstruction eliminating the side slopes in these areas will prevent erosion and allow for lawn maintenance. Roadway, yard, and driveway run off will be better managed by a catch basin we plan to install in the center of each area. Aesthetics and maintainability of the area will be greatly improved and standing water issue will be eliminated. Project will be done by Van Vreede Excavating, with completion by end of October.

RE: The Cottages at High Cliff

Sept. 14, 2020

PROPOSED SANITARY SEWER AND WATER MAIN EXTENSION APPROVAL

VILLAGE OF SHERWOOD (CALUMET COUNTY, WISCONSIN)

At the request of the High Cliff Golf Course (*Drive Fore Success, LLC*; W5095 Golf Course Road), the Village of Sherwood recently approved the rezoning of land currently used as the HCGC 18th fairway (Tax ID #13425; 10.3 acres) for development of a private, 55+ age-restricted housing complex comprising 44 dwellings.

The Village reviewed plans for placement of water & sanitary sewer mains connected to Village infrastructure serving this private development and herewith grants permission for such connections to be made, in accordance with "Standard Specifications for Sewer & Water Construction in Wisconsin" (5th Edition, March, 1998), together with amendments and corrections, and the Wisconsin Administration Code.

The Development will undergo *Final Plat Review/Approval* within the next 30 days and a Developer Agreement will be established, to which the Development must adhere to all conditions. A pre-construction conference must be held prior to undertaking any related work.

As approved by the Sherwood Village Board this 12th day of October, 2020:

Joyce Laux; Village President

Attest:

Randy Friday; Interim-Clerk

RE: American Tower Site Number # 278033 Sherwood WI (the "Tower Site")

I'm reaching out to keep you informed of the Tower Site's status and relevant industry news. The intent is to better inform you of the current market values and the factors impacting that value. Keep in mind that a contract's value will fluctuate based on changes to the industry, technology, economic conditions and a tower's tenant activity.

Based on the current market conditions, in order to ensure the long-term stability of this Tower Site we **need to adjust the financial terms** of this contract so that all parties can benefit. Your cooperation in one of the options below will **strengthen the long-term viability of your tower**. We therefore request your serious consideration of the proposal options below.

We recognize this can be a challenging request. The mergers and acquisitions in our industry as well as tenants actively negotiating reductions in their rent and escalation have driven changing market conditions. Working together we can find a path to a continued mutually beneficial relationship. The proposal below outlines the options available for the tower on your property. Upon approval of either option, we will provide the appropriate documents for your review and signature.

Option 1: Rent Reduction

Reduction of the base rent payment by **30%**. Your rent escalations will be reduced to **2% annual**. You will receive a **\$20,000** signing bonus which will absorb much of the immediate loss. American Tower to pay **\$150.00** /Mo revenue share on the second new tenant after execution.

Option 2: Cash out now at current rent for a one-time payment of \$350,000.00

Please review and I will call you to follow up and answer any questions you may have in the next couple days.

Respectfully,

Maria Caprio

The Lyle Company Lease Consultant
Authorized Vendor of American Tower

Maria Caprio | Office # 310-454-9107 | Fax # 916-266-7000 | Email mcaprio@lyleco.com

This proposal is valid for 30 days and is for discussion purposes only. The parties will not be bound in any respect until and unless a written agreement is signed by all parties.

V. SHERWOOD TREASURER

Hi Randy,

Just wondering if I could park my famous pumpkin wagon (we made the front page news of the Kaukauna Times last year) on the same sight near the Post Office. I know I have been doing this for years, but want to make sure everything is still good to go. Please keep me informed.

Thanks alot!

Judy Mader

Randy,

The Department has still not received the Village of Sherwood's MS4 Annual Report submission which was due March 31, 2020 and for which the Village received a submittal extension deadline of May 15, 2020 due to COVID-19 related issues. **Please submit the Annual Report by Friday, September 4, 2020 or contact me to provide a reasonable alternative deadline for submittal.** If a submittal or response with alternative deadline is not received by Friday, September 4, 2020 the department will pursue secondary enforcement action.

We are committed to service excellence.

Subject: Sherwood Bootcamp location

Good morning Randy,

I hope you and your family's doing well during this crazy year.

The reason I'm reaching out is to first of all thank you for allowing our small bootcamp group to meet at the park in the morning. This is our 10th year...can you believe it. While Nancy did her best to keep us motivated with home workouts earlier this year, the in person classes bring a whole different level of motivation.

But, now with the feel of fall and the dark mornings (5:30am the moon is still out ☺)...I'm trying to figure out how we can continue to meet.

Can you tell me what the gym status is? I work-out with a very responsible group of ladies. We would do our best to make sure the environment stayed safe for everyone. We'd be sure to social distance and wipe down anything we touched.

If you have any questions please feel free to call me or email back. And as always your welcome to stop by Bootcamp anytime; we meet Tuesday and Thursday @5:30am.

Thanks again for allowing us to workout at the park this summer.

Roxanne,

Many thanks for your kind words of support -- We all do our best.
I will take your message to the Village Board for consideration.

As always with the COVID issue, a lot of decision-making in this case depends on a couple/few factors:

Is there any 'normalcy' coming?

Is there a usable vaccine coming, and when?

What is the impact of usage of community facilities on the rest of the 'whole'?

What is/are the potential negative impact(s) of community facility usage by a group -- not to mention any and possibly all groups -- if facilities are opened to the general public?

What is/are the potential negative impact(s) for Staff that inhabit and share the air and restrooms 5 days/week, so Staff is not compromised in the workplace and local government is negatively impacted?

Regards,

Randy Friday

To the Village Board
Village of Sherwood
Sherwood, Wisconsin

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the Village of Sherwood Tax Incremental District No. 1 (the "District"), which comprise the Balance Sheet as of September 24, 2019, and the related Historical Summary of Project Costs, Project Revenues and Net Cost to be Recovered Through Tax Increments and the Historical Summary of Sources, Uses and Status of Funds from the date the District was created through September 24, 2019, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Wisconsin Department of Revenue, as described in Note 1.B. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Village of Sherwood Tax Incremental District No. 1 as of September 24, 2019, and the historical summary of project costs, project revenues, and net costs to be recovered through tax increments and the related historical summary of sources, uses and status of funds for the period then ended in conformity with the basis of accounting described in Note 1.

BASIS OF ACCOUNTING

We draw attention to Note 1.B. of the financial statements, which describes the basis of accounting. The financial statements are prepared on the basis of the financial reporting provisions of the Wisconsin Department of Revenue, which is a basis of accounting other than accounting principles general accepted in the United States of America, to comply with the requirements of the Wisconsin Department of Revenue. Our opinion is not modified with respect to this matter.

EMPHASIS OF MATTER

As discussed in Note 1, the financial statements present only the Village of Sherwood Tax Incremental District No. 1 and do not purport to, and do not, present fairly the financial position of the Village of Sherwood, Wisconsin as of December 31, 2019, the changes in its financial position from the date of creation through December 31, 2019 in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

OTHER MATTERS

Supplementary Information

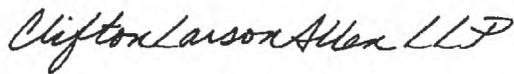

Our audit was conducted for the purpose of forming an opinion on the financial statements the collectively comprise the Village of Sherwood Tax Incremental District No. 1's basic financial statements. The detailed schedule of financial transactions is presented for purposes of additional analysis and is not a required part of the basic financial statements. The detailed schedule of financial transactions is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Report on Other Legal and Regulatory Requirements

We have also issued our report, dated August 25, 2020, on our tests of its compliance with Wisconsin State Statutes 66.1105. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance.

RESTRICTION ON USES

Our report is intended solely for the information and use of Village of Sherwood, Wisconsin and Wisconsin Department of Revenue and is not intended to be and should not be used by anyone other than these specified parties.

Village of Sherwood Tax Incremental District No. 1

Sherwood, Wisconsin

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 24, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Village of Sherwood's Tax Incremental District No. 1 (the "District") conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units and as defined by Wisconsin Statutes Section 66.1105. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Wisconsin Statutes Section 66.1105 establishes reporting requirements for the District. The significant accounting principles and policies utilized by the Village of Sherwood in preparing the financial statements of Tax Incremental District No. 1 are described below:

A. REPORTING ENTITY

This report contains the financial information of the Village of Sherwood's Tax Incremental District No. 1. The accompanying financial statements do not include the full presentation of the Village of Sherwood, Wisconsin. The financial statements of the District were prepared from data recorded in the District's capital project fund of the Village of Sherwood, Wisconsin and are presented in a format prescribed by the Wisconsin Department of Revenue.

The District was created under the provisions of Wisconsin Statute Section 66.1105. The purpose of that section is to allow a municipality to recover development and improvements costs in a designated area from the property taxes generated on the increased value of the property after the creation date of the District. The tax on the increased value is called a tax increment.

The statutes allow the municipality to collect tax increments until the net project cost has been fully recovered, or until 27 years after the creation date, whichever occurs first. Under certain conditions, the Village may declare a tax incremental district distressed, which allows the Village to extend the life of the District 10 years past the original termination date, or severely distressed, which allows the Village to extend the life of the District 40 years from the creation date. Project costs uncollected at the dissolution date are absorbed by the Village of Sherwood, Wisconsin.

Listed below are the significant dates applicable to the Village of Sherwood's Tax Incremental District No. 1:

Creation date	September 24, 1992
Latest date to incur project expenditures	September 24, 2014
Latest termination date	September 24, 2019

B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The District's financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Project plan expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

District increments are recorded as revenues in the year due. Revenues susceptible to accrual include intergovernmental grants, intergovernmental charges for services, public charges for services and interest. Other revenues are recognized when received in cash or when measurable and available.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

Village of Sherwood Tax Incremental District No. 1

Sherwood, Wisconsin

NOTES TO FINANCIAL STATEMENTS
 SEPTEMBER 24, 2019

C. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. ASSETS, LIABILITIES, DEFERRED INFLOWS OF RESOURCES AND FUND BALANCE

1. Cash and Investments

Cash and investments are combined in the financial statements. Cash deposits consist of demand and time deposits with financial institutions and are carried at cost. Investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

2. Property Taxes

When the District was created, the value of all taxable property within the defined boundaries of the District was determined by the Wisconsin Department of Revenue. This value is known as the base value of the District, and remains unchanged through the life of the District unless the Village amends District boundaries to add or remove properties. The Wisconsin Department of Revenue annually certifies the current value of all taxable property within the District.

Property taxes consist of taxes on real estate and personal property. They are levied during December of the prior year and become an enforceable lien on property the following January 1. Property taxes are payable in various options depending on the type and amount. Personal property taxes are payable on or before January 31 in full. Real estate taxes are payable in full by January 31 or in two equal installments on or before January 31 and July 31. Real estate taxes not paid by January 31 are purchased by the County as part of the February tax settlement.

Property taxes collected on the base value are shared with the overlying taxing jurisdictions while property taxes collected on the growth in value, also known as the increment value, are retained by the Village as tax increment revenue. The Village uses the tax increment revenue to pay for approved project plan expenditures. A summary of taxable value within the District as of December 31, 2018 follows:

County	Current Value	Base Value	Increment Value
Calumet	\$ 13,726,700	\$ 81,600	\$ 13,645,100

3. Deferred Inflows of Resources

In addition to liabilities, the balance sheet will report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represent an acquisition of net position that applies to a future period and so will not be recognized as an inflows of resource (revenue) until that time.

Village of Sherwood Tax Incremental District No. 1

Sherwood, Wisconsin

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 24, 2019

4. Long-term Obligations

The District recognizes bond premiums and discounts, as well as bond issuance costs, during the period when received or paid. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Premiums received, discounts on debt issuance, issuance costs and interest on long-term debt are considered financing costs recoverable from revenues of the District.

5. Fund Balance

Fund balance is reported in various categories for TID funds based on the nature of any limitations requiring the use of resources for specific purposes. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- ▶ **Nonspendable fund balance.** Amounts that are not in spendable form (such as inventory, prepaid items, or long-term receivables) or are legally or contractually required to remain intact.
- ▶ **Restricted fund balance.** Amounts that are constrained for specific purposes by external parties (such as grantor or bondholders), through constitutional provisions, or by enabling legislation.
- ▶ **Unassigned fund balance.** Only deficit amounts are shown in this category.

E. PROJECT PLAN BUDGET

The estimated revenues and expenditures of the District are adopted in the original project plan and any subsequent amendments. Those estimates are for the entire life of the District, and may not be comparable to interim results presented in this report.

NOTE 2: CASH AND TEMPORARY INVESTMENTS

The District invests in funds in accordance with the provisions of the Wisconsin Statutes 66.0603(lm) and 67.11(2).

Investments are stated at fair value, which is the price that would be received to sell an asset in an orderly transaction at the measurement date. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income.

The District, as a fund of the Village, maintains common cash and investment accounts. Federal depository insurance and the State of Wisconsin Guarantee fund insurance apply to the Village of Sherwood as an individual municipality and, accordingly, the amount of insured funds is not determinable for the District.

NOTE 3: PROPERTY TAXES AND RELATED DEFERRED INFLOWS OF RESOURCES

As of September 24, 2019, the District presents deferred inflows of resources for property taxes in the amount of \$263,354 related to the 2019 payable 2020 statement of taxes. The tax settlement process will occur in 2020 and the taxes received will be transferred to Tax Incremental District No. 3 in accordance with the terms of the tax increment sharing agreement between District No. 1 and No. 3.

Independent auditors' report on compliance

To the Village Board
Village of Sherwood
Sherwood, Wisconsin

We have audited, in accordance with auditing standards generally accepted in the United States of America, the accompanying financial statements of the Village of Sherwood Tax Incremental District No. 1 (the "District"), as of September 24, 2019, and from the date the District was created through September 24, 2019, and have issued our report thereon August 25, 2020.

Compliance with State Statutes Section 66.1105

Wisconsin State Statutes Section 66.1105 covers compliance to be tested related to tax increment financing districts.

In connection with our audit, nothing came to our attention that caused us to believe that the Village of Sherwood Tax Incremental District No. 1 failed to comply with the provisions of Wisconsin State Statutes Section 66.1105 and the project plan, insofar as they relate to account matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above-referenced provisions, insofar as they relate to accounting matters.

This report is intended solely for the information and use of the Village Board, management, Wisconsin Department of Revenue, and overlapping taxing districts and is not intended to be, and should not be, used by anyone other than these specified parties.

A handwritten signature in cursive script that reads "CliftonLarsonAllen LLP".

Categories: Red category

Dear Customer,

We Energies sent mailed information regarding LED conversion of your street lights approximately a year ago. In January of 2020, the rates for these fixtures decreased. We wanted to provide cost information for converting your fixtures based on your municipality's current billed street lighting. The LED fixtures in the scenario provided are what We Energies is considering the equivalent LED fixture to what is currently installed. The similarity is based on appearance and measured light emitted.

The Public Service Commission of Wisconsin established the LED conversion program that We Energies is required to follow. The program covers both standard (MS-3 WI) and non-standard (MS-4WI) rate street lighting. Standard rate lighting is installed on We Energies distribution poles and non-standard is lighting on non-distribution poles. The non-standard is typically decorative lighting or lighting installed on poles of materials other than wood. In the case of an LED conversion the rates have their own fees associated and differences in how they are applied.

Standard rate lighting conversion has an upfront installation cost which is dependent on the fixture selected by the municipality. Please see the attached standard LED fixture documentation. This document provides the installation cost and the monthly rate for each fixture available from We Energies. The cost of the LED fixture will be paid for through the municipality monthly bill for 84 months. This monthly amount as is indicated in the attached fixture documentation also includes the energy usage and facilities fee. At month 85, the monthly bill will reduce to just energy usage and facilities based on current rates at that time.

Non-standard lighting conversion also has an upfront cost associated; however, a portion of the fixture cost is included with the installation charge. The remainder of the cost of the LED fixture is rolled into the monthly bill for 84 months. This results in a larger upfront cost, but a lower monthly payment than the standard rate lighting. As with the standard rate lighting, the monthly amount reflected in the fixture information I have attached (for both the non-standard street lighting and post-top decorative lighting) the amount also include energy usage and facilities fees. The monthly bill reduce at month 85 to just energy use and facilities fees based on current rates at that time.

Please find attached spreadsheet for your municipality's current billed lights and a cost summary for a conversion based on We Energies recommended LED fixtures. We have provided the upfront cost associated for a full conversion of your street lights, along with the monthly savings based on our recommended fixtures, with an outlook to see where the upfront payback would take place.

Review the provided documentation and reach out with any questions.

Thank you,

Andrea Hatton

Subject: Conversion to LED outdoor lighting

Dear Customer:

We have offered light-emitting diode (LED) streetlight fixtures for several years and have reached a point where virtually all new streetlight installations are LED. LED fixtures offer a whiter light and significant energy savings over high-pressure sodium (HPS) fixtures, which have been the industry standard for more than 30 years.

This trend has caused fixture manufacturers to shift 80 to 100 percent of their production to LED fixtures, canceling production of low-volume HPS fixtures and increasing costs for those that remain. While we anticipate the ability to replace HPS lightbulbs and common HPS fixtures for the near future, we can't guarantee availability of all HPS fixtures or components in the event of failure.

The typical LED conversion of a standard streetlight fixture mounted on a wood pole is \$150 to \$200, often providing payback in less than 10 years. Conversion cost for lights billed as nonstandard vary based on pole and fixture age and type.

I would like to discuss options for converting some or all of your streetlights to LED sources. This also is a good time to review lighting needs for areas that have experienced changes to traffic and pedestrian activity over the years.

Please contact me at 414-221-4454 to schedule a convenient time to discuss your lighting needs.

Sincerely,

Andrea Hatton
Lighting Consultant

Little Chute closes village hall due to positive COVID-19 case

The Village of Little Chute was made aware of a positive case of COVID-19 at the village hall Thursday morning from one of its staff members. Out of an abundance of caution for their staff and public, they immediately closed the village hall and transitioned its staff to work

from home to continue operations.

After consultation with the Outagamie County Public Health Department, the village anticipates the village hall being closed at least through Monday, Aug. 31, but could extend later into the week pending other testing and precautions

FYI only.
Peter W. Barca
Secretary of Revenue

Tony Evers
Governor

Dear Local Government Leader,

By August 15, 2020, we will be sending you a Personal Property Aid (PPA) letter regarding the payment which your municipality will receive in May 2021.

Because of a court-ordered correction to 2019 PPA payments, your projected May 2021 PPA payment may be lower or higher than you expected. Absent further legislative action (as outlined below), this amount will not change.

How did this occur? In 2017, the Legislature created both a new property tax exemption for locally assessed machinery, tools and patterns (MTP), and PPA to replace property taxes that you and other taxing jurisdictions would lose from that exemption. 2017 Wisconsin Act 59.

The Act required that PPA payments equal the amount of property taxes a taxing jurisdiction levied upon MTP in the 2017 tax year. Wis. Stat. §79.096. However, the Department's (DOR) implementation was complicated by the tight timeline to issue the first PPA payment estimates and the fact that detailed information about the actual 2017 levy of each taxing jurisdiction upon MTP was not then available.

PPA for 2019 calculated using ratio. Given these complications, DOR under Secretary Richard Chandler, used a ratio to approximate the actual taxes lost due to the exempted MTP. The ratio was then applied to each taxing jurisdiction's tax levy to calculate PPA, and the calculated amount of PPA was published in aid estimates in August 2018 and paid in May 2019.

Collection of actual data for calculation and court decision. Since that time, two important things have occurred:

- 1) I directed DOR staff to proactively collect the actual data rather than using a ratio going forward, and
- 2) Marathon County Circuit Court ordered DOR to use actual data rather than a ratio, and to correct the earlier May 2019 payment. *City of Mosinee v. Dept. of Revenue*, Case No. 18-CV-646 (June 27, 2019).

Correcting May 2019 overpayment and underpayments. Correction of the May 2019 payment must be done in the May 2021 payment. Wis. Stats. §79.08. The ratio-based formula overpaid some taxing jurisdictions and underpaid others. In 2021, the correction will, absent legislative action, reduce PPA payments to jurisdictions overpaid in 2019, and increase PPA payments to jurisdictions that were underpaid in 2019.

Note: May 2020 PPA payments are not affected by the court decision, because actual data was used to calculate those payment.

Possible legislative action may avoid "clawbacks" of overpayments. Various legislators and DOR have worked together to avoid a "clawback" of funds overpaid in May 2019.

Under Amendment 2 to Assembly Bill 753, passed unanimously by the Assembly:

- 1) If you were underpaid in May 2019, DOR will pay you the funds you should have received.
- 2) If you were overpaid in May 2019, DOR will not "claw back" the overpayment from you, reducing your May 2021 payment.

The Senate was scheduled to take up this bill during its March session, but this did not occur due to the COVID 19 pandemic. Should the Senate act on this bill and the Governor approve it, that would change your projected May 2021 PPA payment.

If there is no further legislative action, the August 15 notice of your estimated May 2021 PPA payment will be final.

We will certainly reach out to you if there is additional legislative action. In the meantime, if you have questions or concerns, please contact our Local Government Services Bureau at lgs@wisconsin.gov.

Respectfully,

Secretary Peter Barca

VILLAGE OF SHERWOOD
NOTICE OF PUBLIC HEARING
MONDAY, SEPT. 28, 2020

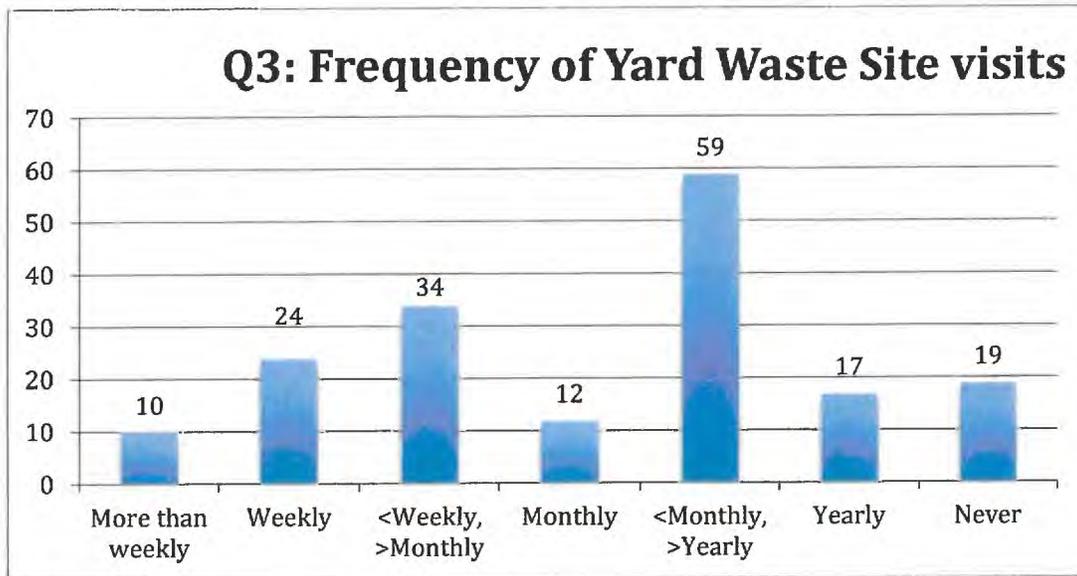

FYE -
only

NOTICE IS HEREBY GIVEN; the Village of Sherwood Board of Trustees will hold a public hearing on Sept. 28, 2020, at 6:30pm or soon thereafter, at W482 Clifton Road, Sherwood, WI to consider amending the Municipal Code, Chapt. 7, Art. II (Public Nuisances) and Ch. 22 (Zoning) §22-75 (Performance Standards – Odors) related to causing nuisances that substantially annoy, or endanger the health and comfort of the public due to noxious odors and/or air pollution affecting any appreciable number of residents, including, but not limited to burning of yard waste materials, currently regulated in Ch. 11 (Refuse & Recycling – Yard Waste).

Additionally, the Board will consider regulating Fire Pits, their allowance, set-backs, and other governing standards, which are currently unregulated.

A copy of the Code revision may be viewed in the Village Office, Monday thru Friday, 8:30am – 4:30pm at W482 Clifton Road, Sherwood, WI, or call 920 989-1589 for more information.

Randy Friday; Acting-Clerk
Publish/Post: Sept. 16 & Sept. 23.

Respondents cited inconvenient Yard Waste Site hours makes burning an easier alternative

Results:

184 respondents of 2,123 voters = 8.7%

5.6% = Yes (if wind blows the smoke, it can affect 100% of residents)

3.1% = No

Recommendation:

*Create an ordinance as recommended by WI DNR using model burning ordinance

*Ban all leaf burning for residential and commercial properties less than 5 acres

*If more than 5 acres, only burn when weather conditions are appropriate **and** must notify Calumet County Dispatch (as recommended by Harrison Fire Chief)

*Allow burning of small brush/sticks if it fits into a fire pit

*Encourage mulching for those who choose not to use the yard waste site

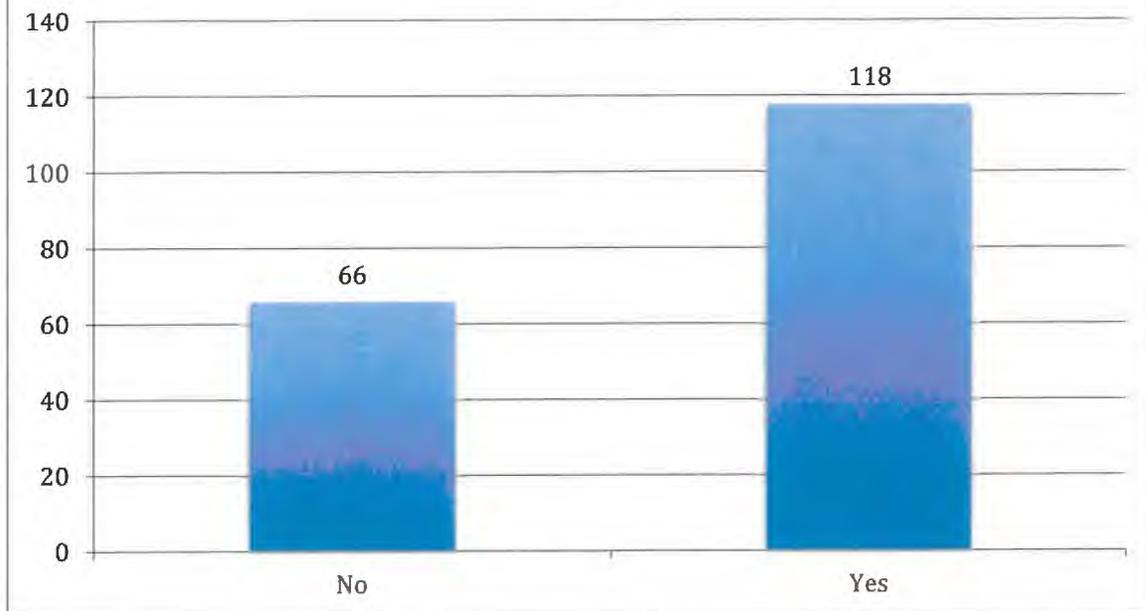

*Enhance yard waste site days and hours of operation

For example: 2-8 pm Tuesday and Thursday, 8am – 4pm Saturday

Extended hours/days in April/May and/or October/Nov/Dec

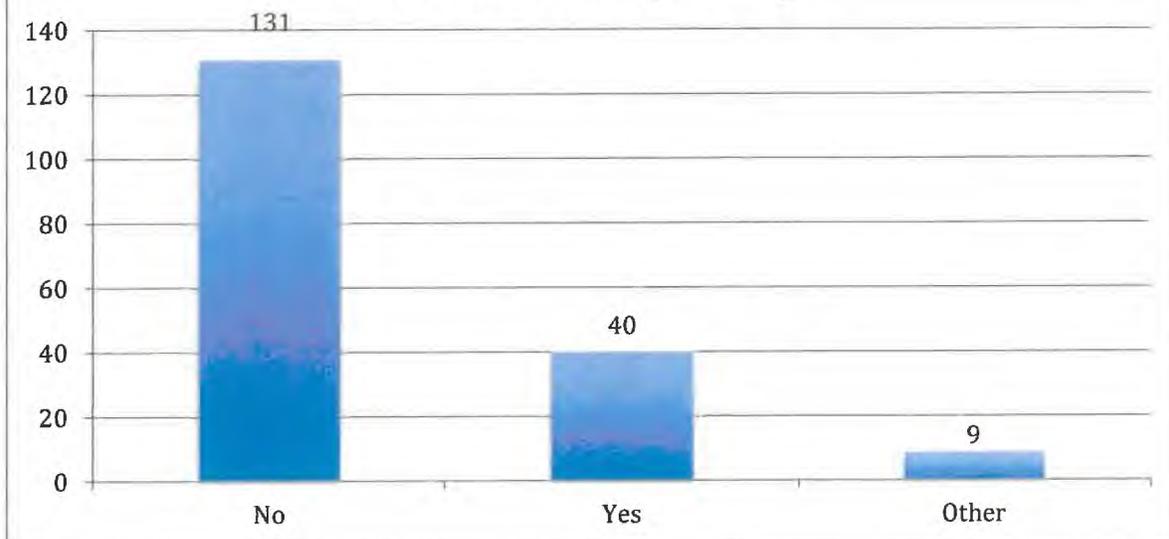

* Send RFP to Harter's Fox Valley Disposal. They will pick up trash, recycling, yard waste **and** bagged leaves.

Q1: Do you support open burning in the village

Most frequent "Yes" response cited inconvenient hours of the Yard Waste Site
(17 "Yes" responses were specific to fire pits)
Most frequent "No" response cited Air Pollution/Health Issues

Q2: Would you support a property tax increase to purchase equipment or contract leaf pick up?

Most frequent "Yes" response cited they felt it would reduce the open burning and health hazards
Most frequent "No" response cited a Yard Waste site already exists but better hours are needed
"Other" response cited they would consider but need more information

	A	B	C	D	E
1	<u>Do you support open burning in the Village</u>	<u>Why or Why not</u>	<u>Would you support a property tax increase to fund the purchase of equipment or contracted pickup of leaves and small branches in October and November</u>	<u>How often do you visit the yard waste site</u>	<u>Address: (required)</u>
2	Yes	It is extremely simple, cost effective way of disposing said materials, and is being done safely by all. It is expensive to use the Sherwood recycling (yard waste site) of said materials and extremely in convenient. As long as we can burn there is no issue of contracted pickup of leaves and small branches in Oct. and Nov.	No.	0	N217 Queens Court
3	No	Should be controled	yes	weekly	N8196 Pond Court
4	Yes	Our family enjoys camp fires and the occasional burning of yard waste. If the yard waste site was more readily available for use i would need to burn less yard waste. The smoke from neighbors burning does not bother us.	No, just keep the yard waste site open.	Weekly	W4806 Questa Ct
5	No	There has been quite a bit of open burning in our neighborhood in recent years and it seems they are burning things they shouldn't be burning because the smell is terrible. Others seem to burn on windy days and nice days when others would like to have their windows open - - but have to immediately shut them as the smoke is coming in. It really divides the neighbors and does seem rather rude and disrespectful of others homes and space. If it could be done on a specific day of the month between given hours or something, like every other Saturday from 7am-10am for example - - that may be more acceptable as you know when it is going to be and you can plan around it.	No. - I like the yard waste option. It is nice to have available to us.	1-2x a month	N423 Robinhood Drive
6	No	There are people who have respiratory problems and having all the smoke from the burning leaves may cause issues.	Yes	5 times a year	W5044 Cherrywood Dr
7	No	I don't think residents will be respectful or safe with open burning.	Yes	Multiple times every month	W4793 Cliff View Dr
8	No	The smoke and smell are bothersome to my allergies.	Depends on cost	8x/year	N7883 Cliffwood Drive
9	No	I only support burning in a firepit or burn barrel. Any burning outside of a fire pit or burn barrel may get out of control and cause damage to resident property or beyond.	No	5 times per year	N7907 Creekside Drive
10	No	Houses are too close together to safely burn and most people don't properly prepare for controlled burns (i.e. water supply ready, small piles, checking wind conditions, etc.).	No	Never	N7926 Ridgeview Ct

	A	B	C	D	E
11	Yes	I can freely get rid of my leaves and brush when I decide to rake and landscape by burning at home. It also does not cost me anything. With a proposed taxed designated time for leaf collections I would have to rake immediately prior to pick up so that leaves don't blow through the neighborhood	no	once a year	n7881 bluffside court
12	No	Three people in our household have asthma that is aggravated by smoke, including smoke from brush burning. We can drive by in Darboy and my son coughs continuously until we can get his rescue inhaler in him. For us this is a health and safety issue.	To some extent yes. Our taxes are high as it is given the incredible increase to our tax base and no munciple services like a police department.	1-2 times a year, but multiple trips at those times.	W5260 Waterview Dr.
13	No	For the same reason smoking is not allowed in public places. A person can choose to get away from cigarette smoke, I can't leave my home nor should I need to shut windows after smoke has entered my home. We live in a village, not in rural Harrison or St. John! Smudge fires left unattended all day (usually on weekends) need to be banned.	no	12 times per year	N7914 Creekside Drive
14	No	Smell/Odor...can't open up house on nice fall day and enjoy time outside.	Yes	1x per week in summer / fall	W5231 Natures Way Dr.
15	Yes	Yard waste site limited hours. Be great if the site could be code locked for residents to come and go as they please. The 2-6 PM on Tues/Thursday and 9 am - Noon Saturday can make it impossible. I'm assuming most of us work daily 9 to 5s? Normally, I am doing my yard work on Saturday mornings and will not be ready in time to drop off by noon. Most of the time I end having to park outside the gate and drag in my yard waste on tarps. I'd also be open to raising taxes to bring in some more gravel so it isn't a mud pit.	Yes	When its open? Once a month if lucky.	N7878 State Park Rd
16	No	It is just creates such an overwhelming smell and air quality that makes it difficult to even be outdoors when the air is filled with smoke smell - and often times what is being burned that shouldn't be burned (trash etc) causes an even more disgusting smell. And it's so frustrating when there's a day you can finally have windows open for FRESH air and then you CAN'T because people are burning and smoke smell filtrates into your home. There's just no good time to burn. And having the yardwaste site available prevents the need to burn.	No	Usually every other week or so Spring - Fall.	N423 Robinhood Dr.

	A	B	C	D	E
17	Yes	<p>Yes. As long as the open burning of leaves is done thoughtfully regarding neighbors and wind direction. I am aware that many people are bothered by smoke inhalation and if I know my neighbors have an adverse reaction to smoke I would not burn. Can leaf burning be restricted to a designated time in the Fall? Open burning of logs in fire pits I do not view as an issue regarding smoke production.</p> <p>Would the pickup of leaves and small branches ever be extended in the future to a composting service that would benefit local farms such as those offered, for example, by compostcrusaders.com and compostexpress.com in Milwaukee and curbsidecomposter.com and earthstewcompostservice in Madison.</p>	Lloyd & Jan Hughes	5 or 6 times a season the rest of the time we rely on our garden service to haul away leaves and garden debris	W4891 Escarpment Terrace
18	No	<p>1. Village provides a waste site for garden and yard waste. This then provides free mulch for the residents.</p> <p>2. Open burning adds additional carbon dioxide(green house gases) to the atmosphere.</p> <p>3. Depending on wind conditions the burning is an annoyance for neighbors throughout the village.</p> <p>4. Residents with breathing conditions are affected by the open burning with no effective way to stop smoke inhalation.</p>	NO, the waste site is free. No reason to increase taxes.	Spring 2X per wk/Summer 2X per mo/fall 2X/wk	W5011 Cherrywood Dr
19	No	<p>There are better ways to dispose of your yard waste than burn it. The negative impact on the environment is my main concern.</p>	yes	once a week	N 7868 State Park Rd.
20	Yes	<p>Backyard fires are enjoyable to have year round. Limiting the size is very subjective and will be challenging to burn. Being able to occasionally dispose of brush and leaves by burning is also important. Many yards in the village are sloped or have trees that drop leaves and branches throughout much of the year. The yard waste site hours are very inconvenient and often times when weather or schedules allow residents to pick up their leaves and branches, the site isn't open. Generally speaking, Sherwood is a large lot and spread apart village without homes very close together. We don't have the same design as a packed city like Appleton where more intense regulation is warranted. Going the route of intense burning regulations and or implementing burning permits is something this Village is not set up to handle staffing wise and will likely lead to further neighbor quarrels about times of a fire that can't be enforced at 2am, or neighbors arguing over a size of a fire. How about just educate residents about responsible open burning and offer better opportunities to dispose of items than currently exist.</p>	Yes	2x a year. I use a parents woods and have even used Harrison because of the access limitations at Sherwood	W4878 Escarpment Terrace

	A	B	C	D	E
21	Yes	The yard waste site closes for the year before I can get all the leaves off my property. The willow in my backyard doesn't drop its leaves until early December. I would like to be able to burn them if the yard waste site is not an option. Thanks for asking!	no	weekly during spring\fall cleanup	N7759 Palisades TRL
22	No	We have had hot ashes fall on our roof, deck and outdoor furniture. one fall evening a neighborhood smelly fire triggered our smoke alarm.	No Thanks	Once a week,more in Spring and Fall	N6009 Timberline Drive
23	Yes	We enjoy sitting outside with a campfire. It's relaxing. We moved to Sherwood because it's a village. We don't want Sherwood to evolve into a city. If a neighbor's smoke is bothering us, we would go over to tell them and perhaps just stay to enjoy their fire.	No	1 to 3 times per week	N7874 Edgewater CT
24	Yes	Obviously there are always going to be a few individuals who do not show common sense or neighborly concern when they are burning, either related to size of the fire or contents put in the fire. That being said the vast majority of residents have common sense and show neighborly concern, and should be allowed to have the choice to open burn.	Yes	Monthly	N515 Royal Court
25	Yes	95% of the residents in Sherwood are responsible adults and have or will take "open burning" seriously. The potential of abuse of the new ordinance would be minimal in my eyes.	Yes - Less "Open Burning" would occur then!	Too often ... the hours are not very friendly for "working" residents . If you are retired then there isn't a problem.	W5163 Natures Way Drive
26	No	It smells so bad and when our neighbors do it, it's always very smokey, you can't even go outside and the smoke penetrates into the house.	Not really	usually weekly	W4887 Mustang Dr.
27	Yes	I live on the lake and we are experiencing huge losses of our White Willows and White Ash. I'm constantly cleaning up not only just branches that fall down in the winds but large trees as well. Between all the leaves I have that fall each year and larger branches that are not accepted in the yard waste site not to mention my schedule hardly seems to match the site's, burning is my best option. I'm very cognizant of my neighbors and only burn when the wind is pushing the smoke out to the lake.	NO! I pay \$14000/yr That's enough!	Once or twice because my schedule	N7821 State Park Road

	A	B	C	D	E
28	No	<p>Our neighbor has a fire pit about 20 feet outside their back patio. They burn their recycle materials in it (including plastic). The toxic smoke smells and comes in our windows during the summer (we can still smell it when our windows are closed). They also, admittedly, burn their credit cards in their fire pit rather than shredding them. It creates a horrible stench as well as toxic smoke. I think a mailed reminder to Sherwood residents outlining what is, and is not acceptable should be done without including anything else in it. Otherwise, the message about appropriate use of fire pits gets lost.</p> <p>We take our brush and leaves to the local site which is more than adequate.</p>	No	Every other week when it's open	N7830 State Park Rd
29	No	Smoke contains contaminants and degrades our air quality. The Times-Villager published our letter stating our view that smoke from outdoor burning is hazardous to health in the September 28, 2019 issue. This correlates with the concerns expressed by Little Chute residents published in the August 28, 2019 issue of the paper. We understand that people feel that they have the right to have outdoor fires, but we also have the right to breathe clean, uncontaminated air in our own yard. Also take into consideration people with health issues that are forced to breathe contaminants that are in the smoke.	Yes	Approximately 6 times per year	W200 KINGS WAY
30	No	I have a wood burning fire pit and enjoy it. I believe in taking leaves and brush to the village site.	no	weekly when it is open	W5241 Natures Way Dr.
31	Yes	We don't need to legislate everything. Most residence have common sense and are considerate of others. For the few that that are not considerate, the Sheriff can handle those situations.	It could be a possibility. I would have to know more	when open two or three times a month	W210 Kings Way
32	Yes	I don't burn my leaves, I mulch them. With that being said, I don't mind or have issues with others burning leaves.	No	3-5 times annually	N430 Meehl St.
33	No	<p>We have a yard waste place to take our yard waste too ! So NO need to burn it !</p> <p>As for what Little Chute does with PEOPLE PAYING to use their yard waste place , is B.S.</p> <p>As for open pit fires, ONLY if wood is burned in them and nothing else and they are used in the evenings for recreational use , with people sitting around them, like at camp sites !</p> <p>I don't like it when we have a nice beautiful day and want to let fresh air into the house , I open the windows and smell burning materials coming in , instead of fresh air !!!</p>	NO !!!	8 to 10 times a month	W5257 Nature's Way Drive

	A	B	C	D	E
34	No	Health and climate concerns. I think people with small back yard fire bowls or fire pits could be allowed to continue using them. I also think people could be encouraged/educated as to the benefits of mulching their leaves.	possibly	3-4 or more times a year-- we do not have a trailer	W5043 Cherrywood Drive
35	Yes	Residents should be allowed to have fires on their property using good judgement. We were notified by a police officer a couple years ago that we should call Calumet County non-emergency to let them know we are having a fire so they can add us to the list each time. If open burning continues to be allowed maybe that information could be shared with residents.	no	2-3 per year	N7907 Edgewater Ct.
36	No	Burning of large wet leaf piles is a public nuisance. The smoke often blows directly at neighboring houses (away from the pile) and forces everyone to seal up all windows and hunker down on perfectly beautiful fall days. We move to Sherwood to be close to nature and relax. The leaf fires make it more like burning oil fields.	Yes	Very rarely	W4851 Black Cherry Ct
37	Yes	I think it is fine as long as it is done in such a way as to not be a nuisance to your neighbors which would require some kind of regulation	Yes	Few times a year	W5039 Cherrywood Drive
38	Yes	We have a lot of mature trees and rely on burning to rid our yard of leaves. We have no way of getting the leaves to the yard waste site. In addition, we enjoy having bonfires.	NO	Never	W4872 Escarpment Terrace
39	Yes	I moved into Sherwood 30 yrs. ago because of the wooded areas. Burning allows me to keep my lot clean of fallen branches and leaves in the fall. I burn leaves as few times as possible. Approx. 3-4 times. Of course the occasional backyard fire in my standing fire pit is nice too.	Minimal. Why can't Sherwood be like other municipalities that provide this.	A couple of times a year.	W4879 Bridle Rd
40	Yes	I have not found open burning to be a nuisance in the village. My personal opinion is that it is not an issue of concern currently.	No	1 to 2 times per year	N317 Military Rd
41	Yes	I DONT THINK I SHOULD NEED A PERMIT TO BURN ON MY OWN PROPERTY	NO	2-3 TIMES/ YEAR	n477 margaret ct
42	Yes	We live out here to avoid needing a "permit" for everything. If I wanted that, I would live in town. Also, the yard waste site isn't open year round. And I live near the yard waste site, and wouldnt want it open year round either - I dont like the extra traffic driving past our home.	No	0	N654 Military Rd.
43	Yes	Open burning allows us to easily burn leaves in spring and fall. It also allows for sharing great times with family and friends around a pit fire.	No	Once a month when open	W190 Kings Way
44	Yes		No, leave the yard waste site open. You don't need to man it with a "woodchip nazi"	7 times/ year	428 Veterans Ave

	A	B	C	D	E
45	Yes	I feel if most of the village is responsible adults why should we change it for irresponsible individuals that ruin it for everybody else that have been respectful of others when they burn ~ I think in this day and age most people don't have the cash to put in a propane line to the fire pit. Second I think the individuals that are being negligent or nuisance to their neighbors should be charged not just warned because if they were warned then they just harass their neighbors and then it just gets to be a big drama fest !	No	1-2 x	W230 Kings Way
46	yes	Yard waste site is not open late enough in November of for enough days	? How much	1x per week, 2x if grass grows fast	Questa Ct
47	yes	You shouldn't need a permit for this. It would just be a 'nanny-state" regulation. Seems like a pointless regulation to us. Would people even follow it?	depends on how much	4x per yr.	Lakeshore Ln
48	no	it smokes out the inside of my house, causes smoke smell for months. Harbors woodchucks, rats, mice! Weeds get six ft in height, creates home for these animals and brings them under porches, out buildings etc.	no	couple times or when need per yr.	lower cliff rd
49	no	this means more people will be burning, which adds to air pollution. Most people don't pay attention to it its blowing in their neighbors windows. And safety wise, will they start an adjoining field on fire?	no	2-4x per month	pigeon rd
50	no	most burning outside of fire pit is for leaves. Burning leaves is very obnoxious (smoke) I would prefer no leaf burning anywhere. Leaves should be mulched, either on property or yard waste site	no	one visit/mo, wusally branches	spring hill dr
51	yes	I have around 40 trees and no way to transport leaves and branches to yard waste site	no	never	escarpement terrace
52	yes	we live in a rural area and fall burning of leaves is a wonderful tradition. I'm a 40 yr resident	no	1xper yr	edgewater ct
53	yes	burn wood all year long, leaves in fall-limited year waste site hours	no	7x per yr	lower cliff rd
54	yes	so many trees and leaves in sherwood. To many to bag and dispose of. Burning would be easier	yes	2-3x yr	forest ln
55	yes	im not bothered but I know others are bothered by rude neighbors who stink out their neighbors.	yes	2x week	cliffwood dr
56	yes	it allows people the chance to keep their property clear of debris that could be a hazard if not addressed properly	yes	not at all	military rd
57	no	health and safety (see attachment 1)	yes	20-25+	robinhood way
58	no	Because off nuisance/toxic smoke in the neighborhood and fire danger-particularly in heavily built subdivision areas. Not everyone monitors fires as they should	yes-reasonable amount	20x yr	Nicklaus ct

	A	B	C	D	E
59	no	unattended fires are dangerous. Smoke pollutes the air and many times we have had to close our windows. To us it's the same as breathing second hand smoke. Smoke smell is hard to get rid of on anything	yea	6-7 times per year	spring hill dr
60	no	health and wellness for surrounding neighbors; safety, surrounding properties affected plumes of smoke. The health concerns/issue is significant especially due to ingress of smoke going into surrounding homes.	yes	weekly	Bridle Rd
61	no	bad for environment, gets in open windows, on hanging wash, fire hazard, etc	yes	monthly	Stumpf Ave
62	no	pollution-smoke when windy, people abuse the hours and what they are allowed to burn	yes	weekly	Nicklaus Ct
63	yes	if controlled and watched, no smoldering for hours (burn hot and fast) watch it then dose it out! No burning pallets and other garbage, need to be considerate of neighbors	no	1x every 2 weeks- hours are too limiting	sundown ct
64		if someone wants to burn leaves or branches and is supervised while there is a fire or smoke, ok, but only during daylight hours.	no	2-3 x per month	Mustang Dr
65	yes	a start and end time along with smoke blowing away from homes	no	0	escarpment ter
66	yes	limited hours of yard waste site.- not convenient. Combined Locks uses a vehicle sticker with camera. \$5 per sticker would pay for camera and allow site to remain open every day and not have to pay a person to monitor the site. Camera would record vehicles and license plates for compliance with hours and sticker, etc.	no		creekside dr
67	yes	because it is not an issue that the village should be worried about.	no	2x	forest ave
68	yes	need to take care of yard waste when it's convenient for me	no	when possible	clifton rd
69	yes	due to limited hours of yard waste site	no	1-2 tmes	palmer ct
70	yes	way to many trees in the area so burning is the best option. Plus, if I have to take everything to the yard waste site I would need to trailer and there are rules against having a trailer outside.	no	almost never	timberline dr
71	yes	reduce cost of yard waste site, etc	no	1x per month	nottingham way
72	no	too much smoke and soot and foul smell	no	2x per month	queens ct
73	no	unattended fire/negligence/could spread and is dangerous. Smoke is a huge problem. People are not courteous about their smoke going to their neighbors. The yard waste site needs to be open a lot more than it is.	no- extend the days and hours of the yard waste site	a lot	natures way
74	no	Sherwood has too many residents who will be bothered with smoke from a neighbors leaf and yard waste fire. Smoke nuisance is further increased and aggravated by the frequent burning of damp/wet leaves or green yard debris. These conditions frequently occur in fall	no	never	big lake ln
75	yes	its more convenient to burn than to haul it		a few times per year	state rd 114

	A	B	C	D	E
76	no	I think people should mulch or compost their leaves and bring brush to the yard waste site. Burning for cookout, campfire or native prairie maintenance has a valid purpose. Mulching is easy if you have a good system.	no	6x /yr	travino ct
77	yes	because we are a small village and there is no need for a contracted pick up	no	never	meehl st
78	yes	for recreational things like bonfires and small brush removal	yes	1x/week	robinhood dr
79	no	we have a yard waste area	no	weekly	cliffview dr
80	no	I live in one of the areas where this is a daily occurrence and it's horrible to be outside on these days. We have also burned leaves in our yard at what we thought was a safe distance and have gotten complaints from neighbors a great distance away. especially problematic is the smoldering type of fires.	yes	1x/yr-we compost leaves and have a chipper for branches which we use for mulch	bridle rd
81	no	the homes that are built as neighborhoods are not distant enough to prevent ash to fly to neighbors air/screens. We have suffered this consequence. It is also not good for the quality of air. Perhaps only as a very limited allowance?	no	very often	robinhood dr
82	no	fire pits are ok, but it is getting too populated for leaf and garbage burning	no	6-8x/yr	cliff view dr
83	yes	the area where we live is surrounded by an abundance of trees so we deal with our own leaves plus a huge volume that blow our way. It would be very difficult to move all the leaves to the street where they would then blow all over the court and create more issues.	no	the yard waste site is a joke. It opens too late in spring and closes too early in fall.	horizon ct
84	yes	I have no objection to the occasional open burning of leaves and brush. In fact, I find the aroma generated by this activity to be rather pleasant. Of course, I do have to note that my neighbors have been very considerate and I have not experienced any heavy smoke as a result of their burning	Possibly, depending on price	weekly	golf course rd
85	yes	convenient, don't need a trailer to haul it. What we don't burn, we mulch.	no		waterview dr
86	yes	need to keep in mind wind and direction of smoke. Trees are great, but if you plant it, take care of it and it's leaves. If you can't, then don't plant a tree	no	not much-hours open don't fit my schedule	military rd
87	yes	ordinance should address safety-restrict hours, etc. Impose a fine if fire gets out of control. Try that first and then revisit it.	no-Village could supply an "as needed" service and charge those who use it a fee	1x/mo	military rd
