FROM THE VILLAGE PRESIDENT

Hello Friends and Neighbors,
Summer already!

The Village is stepping up enforcement of ordinances with an initial focus on property maintenance. A "Complaints and Compliments" form can be found on the Village website if you know of an area that we should address. Also, as a reminder, golf carts are only allowed in the golf course - keep golf carts off roads and neighboring private property.

We are in the process of finding/placing a new Administrator and Deputy/Clerk Treasurer. Welcome to our temporary (but hoping long-term) office coordinator, who you'll meet at our Village office to help you at the front desk. We are a small office trying to meet everyone's needs, please be patient.

RFP's for the new waste water treatment plant have been requested and the bids will be presented and accepted at a June board meeting.

Have a safe and happy summer. Always shop local to support our businesses.

A handwritten signature in black ink, appearing to read 'Joyce Laux'.

FREE MULCH & COMPOST!!!

Free mulch and compost are available to Sherwood residents at the Yard Waste Site. Look for the mounds when you drive straight into the site. Please no loaders; Mulch and compost may be shoveled into buckets or onto trailers. Thank you.

Phosphorus from lawncare contributes to toxic blue-green algae growth in local waterways.

Tips for a healthier lawn and local waterways this summer:

Mow often - Taller grass has deeper roots that prevent soil loss and help rain soak in. Cut no more than 1/3 the length of the grass each time you mow.

Don't bag - Leave clippings on your lawn to keep soil moist and return nutrients over time, use clippings as garden mulch, or compost them instead.

Sweep it up - If clippings get in the street or on sidewalks, sweep them back onto your lawn so they don't get washed into the storm drain when it rains.

Fertilize right - Chemicals are not necessary for a healthy lawn. If you do fertilize, think before you buy. Get a soil test to know how much nutrients your lawn really needs. Fertilize in fall, and sweep up any fertilizer that falls on the street or sidewalks to dispose of properly.

Summer Time Safety FREE Gun Locks Available

Did you know that safe gun storage is the number one way to help prevent gun-related accidental injuries, theft, and misuse? To promote safety, always store firearms in a locked cabinet, gun safe, or storage case, and ensure they are stored in a location that is not accessible to children. Store ammunition in a separate locked location.

Using a gun cable lock is an additional safety precaution. The cable runs through the barrel or action of a gun to prevent it from being fired.

FREE gun cable locks are available, during regular business hours, at the following Calumet County locations:

Calumet County Sheriff's Office

Calumet County Public Health (Calumet County Courthouse Room 212)

Sherwood Village Hall

Hilbert Village Hall

Stockbridge Village Hall

Harrison Village Hall

New Holstein Police Department

Brillion Police Department

Chilton Police Department (upon completion of the building remodel)

The distribution of free gun locks and safety information is made possible through Project Child Safe, a nationwide firearm safety education and gun lock program. Please visit <http://projectchildsafesafe.org/> for more information about the program.

FROM THE SHERWOOD WATER AND UTILITY

UTILITY NEWS AND REMINDERS:

WATERING? Do you plan on planting a new lawn, major landscaping updates to your yard or filling a pool?

Sherwood is a wholesale customer of Appleton Water. Because we receive water from another municipality, we pay for 100% of all water pumped to your homes, regardless of where it ends up. Some residents ask if there is a way to receive a discounted rate for planting lawns or doing major landscaping. You don't need a permit to water new landscaping or lawn. However, the Village does not grant discounted rates.

SUMMER REMINDERS FROM PUBLIC WORKS

- Please remember land owners are prohibited to have grasses, lawns, and other vegetation such as noxious weeds and rank growth exceeding eight (8) inches in length or more per Village Municipal Code 7-10(f).
- When mowing, please direct clippings away from roadways and sidewalks. Clippings can clog the storm drains, cause drainage issues, and add unwanted material to our stormwater ponds and surrounding waterways.
- No unauthorized motorized vehicles are allowed on Village recreation trails, including ATVs, golf carts and construction vehicles.
- The rip rap around stormwater ponds stabilize the pond banks. Please do not throw the surrounding rocks into the ponds as this will lead to bank erosion.
